

Key stage 1

English reading

Administering the braille version of Paper 1: reading prompt and question booklet

Key stage 1 tests are designed to be taken at the end of the key stage 1 programme of study. It is suggested that schools administer the tests during **May**, to help inform the support that can be given to pupils ahead of their transition to key stage 2.

Schools may choose to administer the non-statutory key stage 1 tests under test conditions. To help maintain the integrity of the tests for those doing so, we ask that all schools treat all test materials as confidential from when they are received until **Monday 3 June 2024**.

2024 key stage 1 English reading test

The key stage 1 English reading test consists of 2 papers. The papers should be administered in order. Pupils do not have to sit both papers on the same day. If both papers are administered on the same day, pupils may benefit from a break between papers. Both papers can be administered to the whole class, smaller groups of pupils or on an individual basis.

Paper 1: reading prompt and question booklet

The following information explains how to administer the braille version of the key stage 1 English reading test Paper 1: reading prompt and question booklet. Modified test administration guidance is available at www.gov.uk/sta.

Format	<ul style="list-style-type: none">● Paper 1 consists of a single reading prompt and question booklet in braille.● There is a printed transcript of the braille booklet to help test administrators.● It is expected that the standard version of the test will take approximately 30 minutes to complete, but it is not strictly timed. Pupils using braille tests are automatically entitled to up to 100% additional time.● It is at your discretion to choose when, or if, a pupil requires a break during the test or whether, if appropriate, to stop the test early.● In this booklet, the text and corresponding questions have been presented as facing pages.● The paper includes some practice questions for you to use to introduce the contexts and question types to pupils. Test administrators should allow additional time to go through the practice questions with pupils.● You should refer to the printed transcript rather than the standard test questions when administering this test.● Changes have been made to the layout of some parts of the standard test paper to create the Braille version.
Equipment	<ul style="list-style-type: none">● Each pupil will need the equipment specified below:<ul style="list-style-type: none">● a suitable way of recording their answers that reflects the usual way they write in class, such as a brailler, electronic braille display or word processor● braille paper (if the pupil is brailleing their responses)● If it is normal classroom practice, pupils may use monolingual English electronic spell checkers, provided they do not give definitions of words.● Pupils should not use a dictionary or thesaurus.
Assistance	<ul style="list-style-type: none">● You may help pupils to locate pages/paragraphs in the text, as well as the questions in the reading question booklet, but you should be careful that nothing you say or do during the test could be interpreted as giving pupils an advantage, for example, indicating that an answer is correct or incorrect, or suggesting the pupil look at an answer again.● The English reading test should not be read to individuals or to a group, except for the general instructions below, and the practice page and practice questions.● If a pupil has used a word processor to type their answer and asks to hear their response read back to them, or played back via a screen reader, this is allowed. This is only allowed if a pupil requests it and should not be prompted.● If a pupil asks a question about test content, you should not explain any words or expressions.● The example below illustrates how to deal with a common situation: Question: I don't understand the question. Answer: Read the question again and pay attention to the words that tell you what to do.

Guidance for specific questions	<p>In this booklet, text and corresponding questions have been presented as facing pages. You may explain this to the pupil.</p> <p>Some additional text has been added to help explain visual information or information shown through pictures.</p> <p>The first text within this test is about monkeys. Monkeys are animals with four limbs - a bit like your arms and legs. They have hands and feet, and fur over their bodies. Monkeys live mainly in trees and are very good at climbing.</i></p> <p>The second text refers to a stage. For any pupil unfamiliar with the concept of a stage, the test administrator may explain what a stage is.</p> <p>Practice question b. What to do at the start of the test	<ul style="list-style-type: none">● Check that seating is appropriately spaced.● Check that pupils do not have mobile phones or other disruptive items.● Check that pupils do not have any materials or equipment that may give them extra help.● Ensure each pupil who needs it has a braille copy of the combined reading prompt and question booklet.

How to introduce the test	<ul style="list-style-type: none"> ● It is recommended that you spend at least 5 minutes introducing each section of the paper to the pupils. ● The paper contains a number of practice pages to familiarise the pupils with each text and to introduce the question formats they will be required to respond to throughout. These are designed to be read by the teacher with the pupils. ● The practice pages at the beginning of each section also provide the opportunity to discuss setting and characters in the case of fiction, and content and context in the case of non-fiction. ● Test administrators will need to plan time to go through the practice pages with the pupils at specific intervals throughout the test. ● You should use these instructions to introduce the English reading test. The wording of these instructions can be adapted, provided the meaning is retained. <p><i>This is the English reading test: Paper 1.</i></p> <p><i>We are going to spend some time going through the practice page for the first text in the booklet together. When we have done that, you'll need to answer the rest of its questions.</i></p> <p><i>Try to answer as many questions as you can. If you can't answer a question, you should move on to the next one and come back to it later on if you have time.</i></p> <p><i>When you have answered the questions for the first text, you should check your work carefully. Then we'll go through the practice page for the second text.</i></p> <p><i>There will be different types of question to answer, including:</i></p> <ul style="list-style-type: none"> • <i>writing an answer</i> • <i>choosing the correct answer from a list.</i> <p><i>If you want to change an answer, you should use a series of 'for' braille signs (all 6 dots) to cross out any answer you don't want to be marked.</i></p> <p><i>If you have any questions during the test, put your hand up and wait for me/someone to come over to you. Remember, I/we can't help you answer any of the test questions or read any of the words to you after the practice page.</i></p> <p><i>Do you have any questions?</i></p> <p><i>Now, write your name at the top of your braille paper.</i></p>
See instructions for introducing reading text 1 and reading text 2 on pages 5 and 6.	
What to do at the end of the test	<ul style="list-style-type: none"> ● If you need to make a transcript of a test script, complete it with the individual pupil at the end of the test, under test conditions. Particular care should be taken to ensure accurate transcriptions are made and the pupil's answers are not corrected or amended.
Marking the tests	<ul style="list-style-type: none"> ● Use the key stage 1 test mark schemes and the amended mark schemes for braille to mark the test, following both the general guidance and any specific guidance for each question.
